## Expertise

Litmus is an independent catering and facilities management consultancy that has been assisting organisations since 1993. Our goal is to ensure our clients receive the best possible return on the investments they make in the provision of vital FM related support services - whether outsourced or managed in-house. We work with single sites and whole estates and have established specialist teams that deliver specific expertise.

## Passion

We have an enviable reputation for developing and delivering viable solutions that address a wide range of food service and facilities-based management challenges. We work with every type of organisation from public sector bodies, all education and healthcare settings to privately owned businesses and multinational corporate organisations.

## Innovation

The services we offer are wide ranging, but all have a common thread, which is to maximise return on investment and to support core activity seamlessly. We are about thinking outside the box, creating new solutions for specific client needs, and helping clients leverage the latest trends and ideas. We seek to deliver true value, more for less, and along with our ability to research, plan and implement strategic change, at the same time we excel at minimising cost to deliver improved value, service, quality, and business efficiency.

# Specialist Divisions

Our services cover every specialist discipline of facilities management.

Over the years we have been helping clients we have created consultant teams with specific expertise in certain aspects of FM. Very often teams work together on integrated projects or where specialist knowledge is required to advise and guide the principal consultant responsible for a project's delivery.

## litmus

- ▶ Food and soft service management consultancy that brings a fresh and independent perspective to organisations' services helping them achieve more innovative and realistic solutions that entirely meet the needs of their communities.

## fm

- ▶ Our specialist facilities management division – LitmusFM - exists to support organisations that have multiple/integrated FM services.

The aim is to reduce wasteful processes and inefficiencies in service design, construction and maintenance and to provide asset management, life-cycle management and compliance systems. Creating new target operating models, managing tenders and delivering benchmarking/monitoring services are also central to the FM consultancy services available.

## retail

- ▶ Our dedicated retail services arm helps organisations develop the highest quality and commercially successful retail outlet solutions possible. Tailored solutions are developed and deployed for both single site as well as large multi-outlet operations.

## purchasing

- ▶ Our purchasing team helps clients establish and maintain stable, competitive pricing across every commodity. We do this by seamlessly integrating the buying process with management, finance and data reporting systems resulting in deep economies that immediately transfer to the bottom line.

## leisure

- ▶ Our Leisure division focusses on identifying and developing appropriate strategies which optimise revenue and profitability across leisure and public attraction opportunities.

## smartdigital

- ▶ Digital expertise that brings innovative tech solutions to the hospitality sector, helping establishments operate safely, simply and profitably.

The creation of live dashboards which simplify vast volumes of operational data in real time to assist in the management of every type of FM related service.

# Range of Services

We've provided guidance and consultancy to every business sector and setting, providing solutions that address a wide range of food service and facilities-based management challenges.

The most popular services we are able to deliver are set out below.

**Outsourcing/Tender Management Services** – ensuring legally compliant, secure and reliable competitive tendering.

**In-House Service Support** – Services comprise of benchmarking, best practice assessments and efficiency reviews to the deployment of end-to-end management systems, operational processes, compliant menus and training.

**Strategic Reviews** – A comprehensive operational and financial review, leading to a strategic plan recommending how services could be delivered better in future to best meet the needs of stakeholders.

**Asset Management & Lifecycle** – ensuring all assets at your facility from fire alarms and air conditioning systems to catering equipment and electrical fit-outs are all operating safely, are well maintained and comply with UK legislation. Asset register provision is a specialty.

**Monitoring** – provided every month to over 600 locations saving those clients, on average, £500k per annum by ensuring delivered services are in line with contracted agreements and industry standards.

**Consumer Insight** – enabling clients to fully understand how satisfied their community is and what a service provider needs to do to improve.

**Analytics** – transforming facilities related client data to deliver transparent reporting that gives focus on all the key performance indicators that enable decision-makers to be informed in real-time. Delivering dashboard-based benchmarking metrics that allow clients to compare their procurement pricing against industry standards and their competitors.

**Smart Technology** – selecting, negotiating and deploying the best tools to assist in service delivery, cost saving, space utilisation and improving a user's experience.
