THE **BOARDING** DECLARATION

“Modern boarding education fosters independence and cultivates lifelong friendships in a transformational, safe environment where students develop academically, socially and emotionally, preparing them to navigate an interconnected world.”

The Boarding Declaration, a set of words setting out the transformative benefit of modern boarding. The aim of the declaration is to have a universal statement anyone connected to the world of boarding can support. This could be schools, staff, parents, governors, students, alumni or suppliers. The Boarding Declaration could then be shared, included on school websites or even presented externally to politicians to show the importance and strength of modern boarding.

If you, your school or your community would like to support The Boarding Declaration simply **scan the QR code**. We will endeavour to keep a record of all the names of supporters, anywhere in the world, so the boarding community can come together around a single statement.

*Thank you for supporting
The Boarding Declaration.*
