Thrive

We Are Noble + Eaton

Noble + Eaton is a global educational design consultancy that creates thriving learning spaces for forward-looking schools and their students.

Focused exclusively on education, we collaborate with ambitious school leaders, helping them envision the physical changes they desire for their facilities and the outcomes they wish to realise for their students.

The Future Of Boarding Spaces

Join us to explore the challenges and opportunities facing boarding schools. Designed for Headteachers and Senior Leadership Teams, this event combines expert insights, hands-on workshops and collaborative discussions to leave you with actionable strategies to shape the future of your boarding school.

"This is the best education event I have attended in 16 years!"
