

In Case of Fire

If you require guidance on your nearest available exit, see plan below

---> To emergency staircase

● You are here

■ Fire Exit

Use Emergency Staircase for exit, do not use lifts

A CONTINUOUS SOUNDING OF THE FIRE ALARM (BELL, SIREN OR VOICE) WILL INDICATE THAT AN EMERGENCY HAS ARISEN AND YOU SHOULD LEAVE THE HOTEL IMMEDIATELY USING THE NEAREST AVAILABLE STAIRCASE OR EMERGENCY EXIT

If you discover a fire, sound the alarm IMMEDIATELY by activating the nearest alarm call-point

If there is a phone available, dial Reception and give details of the fire

Please ensure you are familiar with the Fire Exit routes from this guestroom

To enable the management to ensure that all persons in the Hotel have been accounted for in an emergency, you are requested to assemble outside the Hotel at the signed fire assembly area

FOR YOUR SECURITY

For your privacy and security, please always use the deadbolt to double lock your room from inside.

The safety latch and door viewer should be used to visually identify anyone outside your door.

Please follow these same guidelines for connecting and balcony doors

For the safe keeping of your valuables, local law may limit liability for the loss of articles left in guestrooms.

Please use safe deposit boxes which are provided without charge at the front desk in the lobby

If you are hard of hearing or have any other disability which would affect your exit in the event of a fire, please advise Reception on arrival
